

WHAT IS COMING? (ENGLISH)

I had a trembling vision on 4/20/2020 I have kept silent until now and still don't understand it all. This shouldn't bring fear if you are living for God and taken out of love of self and this world. Most of what I seen was so quick and different random sights. Although I like to just read the Bible and pray, I was talking to my wife about God before the vision happened, while in the middle of it God dropped me to my knees as suddenly I seen the most frightening sights like I did back in 2015 with Russia and Iran in an instant rising against America, Israel, and it's allies in later days

☐ I seen Brisbane, Australia and other cities, Berlin Germany and other cities, with destruction. ☐ I seen huge waves taking out various coastal cities across the world including America. As I seen a woman cry out in heart wrenching fear a huge dusty fireball began sweeping over the coast with dark clouds. Then an incredibly eery silence. Waves ☐ stopped calm before the storm, as I hovered over some bay suddenly astroids, massive hail, fireballs, giant hail wiped out and cut skyscrapers in half. ☐ I seen ☐ fireballs hitting America, missiles, bombs in different regions of the world. I seen what appeared to be shanghai china but I don't know what happened

☐ Another flash, I Seen weird symbols, writings, and languages I've never seen before.. I seen Israel as I hovered over Jordan being destroyed by fireballs, missiles, and fire, with huge clouds of dust in various regions. Jerusalem, Ashdod, Tel Aviv.

☐ It flashed again America had an eery silence ground shook by the White House, behind it I seen a Nebuchadnezzar statue rise up from the ground with a deep loud voice.

☐ I seen riches, incredible power, money symbols, great wealth, doors of gold with men in buildings, chambers, temples, all religions and cultures, many different clothes, styles, chants, bowing and praying on their knees with great wealth to different gods disguised as the true one. ☐ I seen many demons, spirits, figures, things, beings, etc I have never seen before right after

☐ I seen masses deceived, blind, money, materialisms, strong false beliefs

☐ I seen coasts burnt up and turning red and disintegrating. [#prepare](#)
